Just renewed? You can still participate.

Prepay through the patient portal by November 30, 2026 to secure your introductory price. If you recently renewed, your prepaid package will be fulfilled when your next prescription is due. Redeem by January 31, 2027. One package per eligible established patient; no early refills, bulk purchases or retroactive price adjustments.

Amounts shown are total medication per vial, not weekly doses. Comparisons are between corresponding treatment tiers, not identical quantities or treatment durations. Your provider will confirm the appropriate supply and price. Pharmacy transition is voluntary and subject to clinical eligibility and applicable compounding requirements. Compounded medications are not FDA-approved. Future pricing will be communicated before your next purchase.
